

Bogota, D.C., April 26, 2019. Regarding the information requirement sent by the Financial Superintendency of Colombia on April 26, 2019, submitted under No. 2019056220-000-000, which makes reference to the relevant information published by the Company with respect to the interview published by the Dinero magazine on April 17, 2019 and whereby “(...) [it] requests to immediately publish, through the relevant information mechanism, the veracity of such information and, if affirmative, to detail how the Codensa’s engagement would be within the process of Electricaribe (...)”. Grupo Energía Bogota S.A. ESP reaffirms the information provided in the interview published by the Dinero magazine on April 17, 2019, indicating that the group is strongly committed to grow through new acquisitions. Possibilities in the local market to acquire assets offered by the central government are being analyzed. Some of them are interesting, such as some regional power companies that would be included in the Treasury Ministry’s disposal plan. With respect to the engagement in the Electricaribe’s process, this is an issue which study and decision correspond to Codensa corporate areas.
