

RELEVANT INFORMATION

Bogota, April 28th, 2015. Empresa de Energía de Bogotá, S.A. E.S.P. (EEB) hereby informs that in compliance with a requirement established by the Colombian Financial Superintendence, the company permanently assesses different investments options, both at national and International levels.

Among these, one may find that referred to in the news Website, 'First Page' titled: "*Empresa de Energía de Bogotá assesses investment alternatives in non-strategic assets in Pacific Rubiales.*" To date and following such information, it has not undertaken any activity other than considering among its investment alternatives the possibility of studying and assessing, in a preliminary manner, the aforementioned transaction.
