Bogotá, D.C. November 4, 2020.

Today, the International Centre for Settlement of Investment Disputes (ICSID) received an arbitration request from Grupo Energía Bogotá – GEB - and Transportadora de Energía de Centroamérica S.A. - TRECSA (GEB's subsidiary in Guatemala). Following the legal procedures, the request was filed on the controversies with the Republic of Guatemala regarding the electricity infrastructure project PET-01-2009. This is supported by the Chapter 12 of the Free Trade Agreement signed by the Republics of Colombia, El Salvador, Guatemala and Honduras.

TRECSA continues the construction activities in the aforementioned project according to the terms of the contract signed with the Ministry of Energy and Mines of Guatemala. GEB and TRECSA are open to reach a consensual solution for the controversy.
